

DAL3 is a 13.2K SQFT facility located in the renowned Infomart building at 1950 North Stemmons Freeway. With enterprise-grade infrastructure at the most densely connected interconnection site in the region, DAL3 is ideally located for primary IT deployments that require 100% uptime and reliable network performance.

Unrestricted Connectivity

Through direct access to the Meet-Me-Room, DAL3 provides network-neutral access to 55+ unique networks as well as a robust ecosystem including major cloud providers such as Microsoft® Azure ExpressRoute and Amazon Web Services®.

Superior Power, Security and Redundancy Solutions

With 2N redundancy on UPS from three different utility substations using two automatic transfer switches (ATs), two back-up generators and redundant cooling systems, the Cologix DAL3 facility offers unparalleled resiliency,

redundancy and security compliance including SOC 1, SOC 2, HIPAA and PCI-DSS.

Why Cologix Dallas?

Located in the Infomart building, the region's preeminent carrier hotel, DAL3 provides diverse, unfettered connectivity to 55+ networks and access to abundant fiber in the region via a Meet-Me-Room. Ideally situated at the major crossroads of network connectivity in the south-central United States, the Dallas data center site is perfect for primary IT deployments or latency-sensitive applications. Choosing DAL3 includes the ease of doing business with Cologix.

Data Center Quick Facts

- 55+ unique networks in the Meet-Me-Room, including into Central America
- Independent third-party assessments for SOC 1, SOC 2, HIPAA, and PCI-DSS
- ISO 27001 certified by Schellman
- Access to the largest number of carriers out of any single building in a 900-mile radius
- Low environmental risks, attractive tax incentives and low energy costs

Cologix by the Numbers

Site Specifications **DAL3: 1950 N. Stemmons Freeway, Suite 1032, Dallas, Texas**

Site Information

- Site Capacity — 1.6 MW
- Site Type — Purpose build data center
- DC Space — 13.2K SQFT
- Building — 7-story office building, concrete & steel
- Data Halls — 1
- Rack Size Up To — 48 RU
- Space Configuration — 24" x 48" cabinets, custom cages

Security

- Cameras — Dual DVRs with 90-day retention/CCTV
- Access — Biometric and badge access 24/7/365, Mantraps
- Security Personnel — 24/7/365

Environmental Controls

- Cooling — 300+ tons N+1 coolers, controls and perimeter cooling
- Fire Suppression — N2 fire suppression, VESDA and smoke detection
- Fuel Storage — 48 hours run time with three fuel contracts, two local and one national

Power

- Generator + UPS — 2N uninterruptible power system, UPS generator
- Load Design — Up to 15 kW/cabinet for high density
- Power Usage Effectiveness (PUE) — 1.5

Connectivity

- Meet-Me-Room (MMR) — 1 Cologix controlled in DAL1 with diverse paths to DAL2 and DAL3
- Networks — 55+ unique networks
- Fiber Entrance — Basement vaults by individuals' carriers to controlled Cologix vault
- Point of Entry (POE) — 4 power priority hospital grade feeds from 3 diverse utility substations
