

MINI

511 11th Avenue South, Minneapolis, Minnesota

MINI, a 9.5K SQFT facility located at 511 11th Avenue South, is a strategic interconnection point located in downtown Minneapolis that is ideally suited for primary IT deployments requiring excellent uptime and highly reliable network performance. All critical support systems are fully optimized with hyper-effective cooling, utility power and redundant emergency generator power systems to ensure reliable and redundant infrastructure at the region's interconnection hub.

Most Connected Building in Upper Midwest

No other data center in the region comes close to the network density of Cologix in the 511 Building. Cologix Minneapolis provides direct network-neutral access to 85+ unique networks in the Meet-Me-Room as well as a robust ecosystem that includes major cloud providers such as Amazon Web Services®, Google Cloud Platform and Microsoft® Azure ExpressRoute. Customers value the richness of connectivity options along with reliability, upgrades and redundancies.

Superior Power, Security and Redundancy

With redundant utility feeds, N+1 chilled water and onsite backup, the Cologix Minneapolis facilities offer unparalleled resiliency, redundancy and security compliance including independent third-party assessments for SOC 1, SOC 2, HIPAA and PCI-DSS.

Why Cologix Minneapolis?

Cologix Minneapolis offers a robust carrier ecosystem which includes national, regional and local networks, as well as the Midwest Internet Cooperative Exchange, MICE. Cologix offers reliability, upgrades and redundancies augmented by the ease of doing business with us.

Data Center Quick Facts

- Access to 85+ unique networks in Meet-Me-Room
- Home to the Midwest Internet Cooperative Exchange, MICE
- Low latency – direct access to long-haul networks
- Network hub for the upper Midwest
- Fractional cabinets available
- 20 minutes from the Minneapolis-Saint Paul International Airport
- Independent third-party assessments for SOC 1, SOC 2, HIPAA and PCI-DSS
- ISO 27001 certified by Schellman

Cologix by the Numbers

40+ Data centers	11 Markets in North America	29 Onramps	600+ Networks	20,000+ Interconnections

Site Specifications **MIN1: 511 11th Avenue South, Minneapolis, Minnesota**

Site Information

- Site Capacity — 300 kW
- Site Type — Cologix is a tenant
- DC Space — 9.5K SQFT
- Building — Built 1983; 4-story; concrete and steel framed; seismic zone 0 and outside the flood zone
- Campus — Carrier hotel
- Data Halls — 1
- Rack Size Up To — 42 RU
- Space Configuration — Traditional cabinet and cage options as well as 1U standard connections product

Security

- Cameras — Closed-circuit television (CCTV) system in the building and suites
- Access — S2 keycard access (building and suite)/customized security available for cages
- Security Personnel — 24/7/365

Environmental Controls

- Cooling — 1.1+K tons total capacity/cold aisle containment
- Fire Suppression — Wet system with photoelectric smoke detector
- Fuel Storage — Landlord owned for generators

Power

- Generator + UPS — Diverse UPS and distribution panels (Toshiba G9000 300 kVA)
- Load Design — 150 watts per SQFT (3 kW-5 kW)
- Power Usage Effectiveness (PUE) — 1.17

Connectivity

- Meet-Me-Room (MMR) — 2, Cologix controlled
- Networks — 85+ unique network providers
- Fiber Entrance — Diverse building fiber entrance and riser facilities
- Point of Entry (POE) — 2
